

REVEIL - 6 TO 7 MAY 2017 - CALL

Reveil is a 24 hr radio broadcast of live sounds of daybreak, transmitted by a network of streamers using phones, laptops and Raspberry Pi's.

Reveil will begin at at 5AM London time (UTC+1) on Saturday 6 May, and travel West from microphone to microphone just ahead of sunrise in a global loop lasting one earth day. It will end back in London at 6AM on Sunday morning, which is International Dawn Chorus Day.

We are calling for streamers to share live sounds from their locations, artists to set up soundcamps over the weekend, and radio stations to relay the broadcast.
